COMOR-D-7/1
(CDG&S-D-19/1)

MEMORANDUM FOR: Chairman, Committee on Overhead Reconnaissance

SUBJECT: Sanitization of the KH-7 Product

1. The CDG&S Working Group of COMOR has studied the security aspects of sanitizing KH-7 photography in accordance with COMOR-D-7/1.

Annex B - Sanitization of T-KH information for use in maps, charts, and photomosaic maps.

Annex C - Sanitization of T-KH information for use in targeting publications.

Annex D - Fabrication of intelligence reports for sanitization of T-KH information.

2. It recommends:

a. That producers of targeting publications per Annex C

(1) Limit selection of KH-7 material for sanitization to offensive and defensive targets;

(2) Do not introduce a new category of targets which could not have been identified with the present KH-4 photography (e.g., radars);

(3) Do not include new items based solely on KH-7 photographic capability;

(4) Do not include or add details or computations on existing targets based solely on KH-7 photographic capability;

(5) Control speed of release.

b. That producers' maps and charts per Annex B

(1) Insure that KH-7 derived offensive and defensive targets when

sanitized in accordance with the
criteria for Annex C producers;

(2) Limit inclusion of
foregoing to items already approved
under Annex C;

(3) Insure that symbols,
annotations, or descriptive details
used in connection with sanitized
presentation of other cartographic
features do not disclose a degree of
detail not presently obtained from
average KH-4 photography.

c. That any immediate need to use KH-7 in
a sanitized form be considered in the context of an
individual report with a fictitious source in accordance
with Annex D.
